Hexblade's Curse • 1 / Short Rest
Once per short rest, as a bonus action, choose one creature you can see within 30 ft. to curse it for 1 minute (or until the target dies, you die, or you are incapacitated). Against the cursed target, you gain a +2 bonus to damage rolls, score a critical hit on a roll of 19 or 20, and you regain 7 HP if it dies.

Pact of the Blade: Bond
You can create a bond with a magic weapon you touch. You can't bond with a magic weapon if someone else attuned to it or another Warlock is bonded with it. Until the bond ends, you're proficient with it and can use it as a Spellcasting Focus.

Your bond with the weapons ends if you use this feature's Bonus Action again, if the weapon is more than 5 ft. away from you for more than 1 minute, or if you die. A conjured weapon disappears when the bond ends.

FLAWS

Sarhice was previously a druid with an armed escort party (Heither/fighter, Shelia/paladin, and Parmenus/rogue). A pacifist by nature he always tried to come to peaceful resolutions whenever possible.

The entire group was killed by bandits including the merchant we were escorting that day. Sarhice found himself resurrected as a hollow one undead days later. Finding everything of value taken, the only things remaining besides the corpses of his friends and client was a silver coin halfway embedded in the mud next to his head and Heither's broken sword. The coin being slightly larger than standard currency coins and with never before seen symbols on it, he took it with him out of curiosity. Upon realizing he's undead, he's filled with shamed that he's been taken out of the circle of life.

Since awakening, Sarhice no longer has access to his druidic magic and doesn't know why. Filled with an unknown source of vengeance, Sarhice only wants to avenge his comrades and return to death.

CHARACTER BACKSTORY

The Hollow Ones are beings that were reanimated from horrendous curses of evil and enigmatic powers (e.g. Blightshore in Exandria). Their bodies are soulless, departed for the afterlife… And yet, their bodies have a small fragment of themselves, clinging for life.
The magic that sustains Hollow Ones is a mystery. Most Hollow Ones are reborn after dying in cursed places (like Blightshore), suggesting that the spell-scarred nature of the land brought them back for an unknown purpose. Yet some beings find that, days after they died, they awaken, clutching to life, with only a terrible emptiness inside to remind them of their death. Hollow Ones are indistinguishable from living creatures, save for the faint stench of necromancy that lingers about them. The transition from life to becoming a Hollow One affects different people to different degrees. Some let their anger and regret consume them. Others use their second chance to become a brighter force in the world. However, all Hollow Ones are marked by their new existence: feelings of unease, dread or sadness cling to them like tattered rags of their past life.

Feature: Returned from an old life
Ageless. You don't age, and effects that would cause you to age don't work on you.
Cling to Life. When you make a death saving throw and roll 16 or higher, you regain 1 hit point.
Unsettling Presence. As an action, you can unsettle a creature you can see within 15 feet of you. The target has disadvantage on the next saving throw it makes within the next minute. Constructs, undead, and creatures that can't be frightened are immune to this feature. Once you use this feature you can't use it again until you finish a long rest.
